

# MAKE IT HAPPEN INCLUSIVE NETWORK CHART

I, the undersigned \_\_\_\_\_ (First name & Surname), hereby declare the interest and willingness of the organisation I represent, \_\_\_\_\_ (Name of the organisation), to support the mobility of learners with disabilities (including those coming from Vocational Education and Training - VET) in Europe, and to become a Member of the MAKE IT HAPPEN Inclusive Network (or MIH2 Network).

## MIH2 Network Common Mission

This Network aims at gathering and fostering collaboration between key actors (hosting, receiving and intermediary organisations) interested in promoting, facilitating and/or organising inclusive international learning mobilities across Europe, independently of their expertise in the field. Members of the MIH2 Network have one common mission: to include learners with disabilities in the implementation of such learning mobilities, ensuring they have an enriching experience that will positively impact their participation in society as active citizens and future workers.

## Added values of becoming MIH2 Network Member

Members of the MIH2 Network are part of an European community of organisations that are experts (or are interested in becoming experts), in the field of inclusive learning mobilities. Thus, Members:

- Are in direct contact with key actors willing to collaborate in the organisation and implementation of such mobilities;
- Can get advice from and share expertise and practices with other experts, at European level, during online and face-to-face events held in the scope of MAKE IT HAPPEN project, in a capacity building and peer learning environment;
- Contribute with their expertise for the relevance, quality and usability of MAKE IT HAPPEN project results and outcomes, which will continue being available to all Members after the project's conclusion. Such results and outcomes include:
  - An e-learning platform where MAKE IT HAPPEN training course and materials are available to capacitate MIH2 Network Member organisations' mobility staff in the organisation and implementation of inclusive learning mobilities;
  - A practical Methodology that empowers mobility staff in their work by providing ready-to-use tools to identify the special needs of learners with disability;
  - Testimonies from mobility coordinators, company mentors, accompanying staff and learners.

## **MIH2 Network Principles and Values**

By signing this document, I declare that the organisation I represent agrees and commits to the following principles and values, particularly in the implementation of international mobility of learners with disabilities, including those coming from VET:

- Inclusion is something we are all responsible for.
- Equal opportunities must be guaranteed for all through the adaptability of the mobility environment and its universal design among organisations, schools, companies and learners, considering the importance of accessibility (at physical, social and professional levels).
- Learners with disabilities must be guaranteed an equal opportunity to participate in a safe and quality national and international training mobility.
- The needs of the learners with disabilities must be taken in consideration with an holistic and innovative approach to overcome the different kinds of barriers that could prevent participation or compromise the success of the experience. Every person is unique and has specific needs that require a customised approach.
- High quality standards in international mobility of learners with disabilities must be promoted among all the organisations directly or indirectly involved.
- The application of all learners with disabilities to participate in learning mobilities must be considered, fostering integration and equality and preventing discrimination. Discrimination is not only about ableism, but it can also involve other characteristics of the person.
- Sustainability of these principles among the organisations must be fostered.

## **Conditions to become part of MIH2 Network**

By signing this document, I declare that the organisation I represent is:

(Please select the most suitable option. More than one option can be selected, accordingly)

- Working in the field of international mobilities, AND/OR
- Working in the field of Vocational Education and Training (VET), AND/OR
- Working with people with disabilities, AND/OR
- Willing to send/host learners with disabilities for a work experience (in the mainstream or sheltered environment).

The organisation I represent shares the above-mentioned MIH2 Network Mission, Principles and Values for an inclusive and quality learning mobility, as it:

- Commits to complete the MiH training course on MAKE IT HAPPEN digital platform.
- Has an internal policy regarding inclusion.

### Data management

The personal data and/or images provided will be processed in accordance with the GDPR (EU Regulation 2016/679) to record the data of the Members of MAKE IT HAPPEN Inclusive Network, send communications and promote the activities of the MiH project, communicate other events promoted by the MiH project partners, report the meetings and report on the activities carried out in the context of the MiH project, funded by Erasmus + Programme.

The data controller is Cap Ulysse. The data may be communicated for the purposes indicated above to the partners of the MiH project, to the French Erasmus+ National Agency and to the European Commission.

The data will be kept for the duration and purposes of the project, up to a maximum of three years from the end of the project, with the exception of the data necessary for the reporting of project activities and costs, which may be kept until the execution of this activity and in any case no later than the time established by the 10-year tax legislation.
